About Groupe OKWIND

Founded in 2009 by Louis Maurice, Chairman and CEO, Groupe OKWIND develops solutions for the production and consumption of green energy in short supply chains. Our comprehensive approach, combining energy generation and management, aims to strengthen energy autonomy and thus accelerate the ecological transition. Thanks to its unique technological ecosystem, Groupe OKWIND enables self-consumption to assert itself as a new avenue for energy. A solution that can be quickly deployed, managed in real time and at a competitive price, without subsidies. Every day, we work to deploy local, low-carbon, fixed-cost energy for professionals and individuals. In 2023, Groupe OKWIND generated consolidated revenue of €82.5 million and today has 220 employees, with more than 3,700 installations throughout France.
